Important Information

⚠️ WARNING
Always consult your physician before you begin or modify any exercise program. See the Important Safety and Product Information guide in the product box for product warnings and other important information.

NOTICE
The Forerunner® is waterproof to IEC Standard 60529 IPX7. It can withstand immersion in 1 meter of water for 30 minutes. Prolonged submersion can cause damage to the unit. After submersion, be certain to wipe dry and air dry the unit before using or charging.

NOTE: The Forerunner is not intended to be used while swimming.

Getting Started
When using your Forerunner the first time, complete the following tasks:

1. Charge the Forerunner (page 2).
2. Configure the Forerunner (page 3).
3. Locate satellites (page 5).
4. Put on the heart rate monitor or optional foot pod (pages 5–7).
5. Go for a run (page 7).
6. Save your run (page 7).

Charging the Forerunner

NOTICE
To prevent corrosion, thoroughly dry the contacts and the surrounding area before charging or connecting to a computer.

The Forerunner will not charge when the battery is outside the temperature range of 41°F–104°F (5°C–40°C).
1. Plug the USB end of the cable into the AC adapter.
2. Plug the AC adapter into a standard wall outlet.
3. Align all four contacts on the back of the Forerunner with the four posts on the charging clip ➊.

When you connect the Forerunner to a power source, the Forerunner turns on, and the charging screen appears.

4. Charge the Forerunner completely. When the Forerunner is fully charged, the animated battery on the screen is solid (▁▁▁▁).

**Configuring the Forerunner**

The first time you use the Forerunner, you are prompted to choose your system settings.

- Press ▲ and ◀ to view choices and change the default selection.
- Press OK to make a selection.
## Keys
Each key has multiple functions.

<table>
<thead>
<tr>
<th>Key</th>
<th>Functions</th>
</tr>
</thead>
<tbody>
<tr>
<td>light</td>
<td>Press to turn on the backlight. Press to search for a compatible weight scale. Press and hold to turn the device on and off.</td>
</tr>
<tr>

</table>
**Locating Satellite Signals**

It may take 30–60 seconds to locate satellite signals.

1. If necessary, press page to view the locating satellites page.
2. Go outdoors to an open area.
3. Wait while the Forerunner searches for satellites.

Do not begin your activity until the locating satellites page disappears. The time of day is set automatically.

**Putting on the Heart Rate Monitor**

Wear the heart rate monitor directly on your skin, just below your breastplate. It should be snug enough to stay in place during your run.

1. Connect the heart rate monitor module to the strap.

2. Wet both electrodes on the back of the strap to create a strong connection between your chest and the transmitter.

3. Wrap the strap around your chest, and connect it.

The Garmin logo should be right-side up.

4. Bring the device within range (3 m) of the heart rate monitor.

**TIP**: If the heart rate data is erratic or does not appear, you may have to tighten the strap on your chest or warm up for 5–10 minutes.
After you put on the heart rate monitor, it is on standby and ready to send data.

When the heart rate monitor is paired, a message appears, and 💔 appears solid on the screen.

**Installing the Foot Pod**

**NOTE:** If you do not have a foot pod, you can skip this task.

The foot pod is on standby and ready to send data as soon as you install it or move it.

1. Press the tab on the lace clip ①.

2. Lift and separate the foot pod ② from the lace clip.

3. Install the foot pod on your shoe laces ([page 6](#)) or under your insole ([page 7](#)).

When the foot pod is paired, a message appears, and ⚫ appears solid on the screen.

**Installing on Shoe Laces**

1. Loosen your shoe laces slightly.

2. Thread the lace clip through two secure sections of your shoelaces, allowing enough room at the top to tie the shoelaces.

   The arrow on the foot pod must be pointed toward the front of your shoe.
3. Tie your shoelaces securely to keep the foot pod from shifting during your workout.

4. Snap the foot pod into the lace clip.

**Installing Under the Insole**

**NOTE:** Your compatible shoe has a pocket under the insole. You may need to remove a foam insert before installing the foot pod.

1. Lift the insole of the shoe.
2. Place the foot pod in the pocket with the ANT+™ logo facing up and the notch pointing toward the front of your shoe.

**Going for a Run**

Before you can record history, you must locate satellite signals ([page 5](#)) or pair your Forerunner with a foot pod.

1. From the timer page, press **start** to start the timer 🔄.

History is recorded only while the timer is running. Your distance 🏆 and pace or speed 🏃‍♂️ appear on the timer page.

2. After completing your run, press **stop**.

**Saving Your Run**

Press and hold **reset** to save your run and reset the timer.

**Run History**

The Forerunner can save approximately 180 hours of run history with typical use. When the Forerunner memory is full, your oldest data is overwritten. Upload your run history ([page 8](#)) to Garmin Connect™ or Garmin Training...
Center® periodically to keep track of all of your run history.

**Viewing a Run**
The run history displays the date, time of day, distance, run time, calories, and average pace or speed. The run history can also include average heart rate data if you are using the heart rate monitor.

1. Press and hold *menu*.
2. Select *History*.
3. Use ▲ and ▼ to scroll through your saved runs.
4. Press **OK** to view lap information.

**Deleting a Run**
1. Press and hold *menu*.
2. Select *History*.
3. Select a run.
4. Press and hold ▲ and ▼ simultaneously.
5. Press **OK**.

### Using Free Software
Garmin provides two software options for storing and analyzing your run data:

- Garmin Connect is Web-based software.
- Garmin Training Center is computer software that does not require the Internet after installation.

2. Select your product.
3. Click *Software*.
4. Follow the on-screen instructions.

### Transferring History to Your Computer
1. Connect the USB cable to a USB port on your computer.
2. Align all four contacts on the back of the Forerunner with the four posts on the charging clip (page 3).
3. Open Garmin Connect (www.garminconnect.com), or open Garmin Training Center.

4. Follow the instructions included with the software.

**About the Battery**

<table>
<thead>
<tr>
<th>WARNING</th>
</tr>
</thead>
<tbody>
<tr>
<td>This product contains a lithium-ion battery. See the <em>Important Safety and Product Information</em> guide in the product box for product warnings and other important information.</td>
</tr>
</tbody>
</table>

**Forerunner Battery Life**

<table>
<thead>
<tr>
<th>Battery Life*</th>
<th>Forerunner Use</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 week</td>
<td>You are training for 45 minutes per day with GPS. The Forerunner is in power save mode for the remaining time.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Up to 3 weeks</th>
<th>You are using the Forerunner in power save mode the entire time.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 8 hours</td>
<td>You are training with GPS the entire time.</td>
</tr>
</tbody>
</table>

*The actual battery life of a fully charged battery depends on how much time you use GPS, the backlight, and power save mode. Exposure to extremely cold temperatures will also reduce battery life.

**Power Save**

After a period of inactivity, the Forerunner goes into power save mode. The Forerunner displays the time and date, but does not connect with your ANT+ accessories or use GPS. Press **page** to exit power save mode.
Troubleshooting

Resetting the Device
If the keys or screen stop responding, you may need to reset the device.

1. Press and hold light until the screen goes blank.
2. Press and hold light until the screen turns on.

Getting the Owner’s Manual
The owner’s manual for this device is located on a CD in the product box. You can also get the latest owner’s manual from the Web.

2. Select your product.
3. Click Manuals.

Registering Your Device
Help us better support you by completing our online registration today:

- Keep the original sales receipt, or a photocopy, in a safe place.
