StreetPilot® c510™

portable, affordable car navigation
Thank you for purchasing the Garmin® StreetPilot® c510™.

Manual Conventions
When you are instructed to “touch” something, use your finger to touch an item on the screen.

You will see small arrows (>) used in the text. They indicate that you should touch a series of items. For example, if you see “touch Where to? > Favorites” you should touch the Where to? button, and then touch Favorites.

c510 Tips and Shortcuts
• To quickly return to the Menu page, touch and hold Back.
• Touch ↑ and ↓ to see more choices.

Tell us how you like this manual! Fill out the Product Documentation Survey. Go to www.garmin.com/contactUs/, and click Product Documentation Survey.

Warning

Failure to avoid the following potentially hazardous situations could result in an accident or collision resulting in death or serious injury.

When installing the unit in a vehicle, place the unit securely so that it does not interfere with vehicle operating controls or obstruct the driver’s view of the road (see diagram).

Always operate the vehicle in a safe manner. Do not become distracted by the unit while driving, and always be fully aware of all driving conditions. Minimise the amount of time spent viewing the screen of the unit while driving and use voice prompts when possible. Do not input destinations, change settings, or access any functions requiring prolonged use of the unit’s controls while driving. Pull over in a safe and legal manner before attempting such operations.

The unit contains a non-user-replaceable, rechargeable lithium-ion battery. The battery may present a risk of fire or chemical burn if mistreated.

- Do not remove from the unit, heat unit above 140°F (60°C), or incinerate.
- Dispose of unit properly. Contact your local waste disposal department for information on properly disposing of lithium-ion batteries.

**WARNING**: This product, its packaging, and its components contain chemicals known to the State of California to cause cancer, birth defects, or reproductive harm. This Notice is being provided in accordance with California’s Proposition 65. If you have any questions or would like additional information, please refer to our Web site at [http://www.garmin.com/prop65](http://www.garmin.com/prop65).
Caution

Failure to avoid the following potentially hazardous situations may result in injury or property damage.

The unit is designed to provide you with route suggestions. It does not reflect road closures or road conditions, traffic congestion, weather conditions, or other factors that may affect safety or timing while driving.

Use the unit only as a navigational aid. Do not attempt to use the unit for any purpose requiring precise measurement of direction, distance, location, or topography. This product should not be used to determine ground proximity for aircraft navigation.

The Global Positioning System (GPS) is operated by the United States government, which is solely responsible for its accuracy and maintenance. The government’s system is subject to changes which could affect the accuracy and performance of all GPS equipment, including the unit. Although the unit is a precision navigation device, any navigation device can be misused or misinterpreted and, therefore, become unsafe.

Important Information

MAP DATA INFORMATION: One of the goals of Garmin is to provide customers with the most complete and accurate cartography that is available to us at a reasonable cost. We use a combination of governmental and private data sources, which we identify in product literature and copyright messages displayed to the consumer. Virtually all data sources contain inaccurate or incomplete data to some degree. This is particularly true outside the United States, where complete and accurate digital data is either not available or prohibitively expensive.

NOTICE TO DRIVERS IN CALIFORNIA AND MINNESOTA: State law prohibits drivers in California and Minnesota from using suction mounts on their windshields while operating motor vehicles. Refer to page 22 for instructions on using the included mounting disk with the suction cup mount. Garmin does not take any responsibility for any fines, penalties, or damages that may be incurred as a result of disregarding this notice. (See California Vehicle Code Section 26708(a); Minnesota Statutes 2005, Section 169.71.)

NOTICE: This Category II radiocommunication device complies with Industry Canada Standard RSS-310.

Product Registration
Help us better support you by completing our online registration today!
Connect to our Web site at www.garmin.com/registration/.

Use this area to record the serial number (8-digit number located on the back of the c510) in case your c510 needs service. Keep the original sales receipt, or a photocopy, in a safe place.

Serial Number: _____ _____ _____ _____ _____ _____ _____ _____

Contact Garmin
Contact Garmin if you have any questions while using your c510. In the U.S.A. contact Garmin Product Support by phone: 913/397.8200 or 800/800.1020, Monday–Friday, 8 AM–5 PM Central Time; or go to www.garmin.com/support/, and click Product Support.

In Europe, contact Garmin (Europe) Ltd. at 44/0870.8501241.

Software License Agreement
BY USING THE c510, YOU AGREE TO BE BOUND BY THE TERMS AND CONDITIONS OF THE FOLLOWING SOFTWARE LICENSE AGREEMENT. PLEASE READ THIS AGREEMENT CAREFULLY.

Garmin grants you a limited license to use the software embedded in this device (the “Software”) in binary executable form in the normal operation of the product. Title, ownership rights, and intellectual property rights in and to the Software remain in Garmin.

You acknowledge that the Software is the property of Garmin and is protected under the United States of America copyright laws and international copyright treaties. You further acknowledge that the structure, organization, and code of the Software are valuable trade secrets of Garmin and that the Software in source code form remains a valuable trade secret of Garmin.

You agree not to decompile, disassemble, modify, reverse assemble, reverse engineer, or reduce to human readable form the Software or any part thereof or create any derivative works based on the Software. You agree not to export or re-export the Software to any country in violation of the export control laws of the United States of America.
GETTING STARTED

What’s in the Box?
c510 unit and vehicle suction cup mount.

12-Volt adapter to provide external power or FM TMC Traffic receiver (Deluxe versions only) to provide external power and traffic information.

USB cable to connect the c510 to your computer. Your c510 connects to your computer as a Mass Storage Device (see pages 16–17).

Dashboard Disk to mount the suction cup mount on your dashboard (see page 22).

DVD-ROM (Deluxe versions only) to use the mapping software on a computer.

Yellow Sheet that contains your unit’s serial number, registration number for registering on Garmin’s Web site, and unlock code for future reference.

Looking at Your c510

SD card slot
MCX connector under rubber cap (for an optional external antenna)
Ball socket (for attaching the suction mount)
Power connector
Volume knob
Speaker
Power button
Mini-USB connector
GETTING STARTED

Step 1: Mounting the c510
Select a suitable location to mount the c510 on your windscreen. Clean and dry the selected area of your windscreen.

1. Plug the power cable into the back of the c510.
2. Place the suction cup on the windscreen. Flip the lever back, toward the windscreen.
3. Snap the socket on the back of the c510 onto the ball at the end of the suction cup mount.
4. Plug the power cable into a power receptacle in your vehicle. Your unit should turn on automatically if it is plugged in and your vehicle is running.

To remove the c510 from the mount, turn the c510 as far as you can to the right or left. Apply pressure in that direction until the c510 snaps off the mount.

To remove the suction cup from the windscreen, flip the lever toward you. Pull the tab on the suction cup toward you.
Step 2: Configuring the c510
To turn on your c510, press and hold the Power button on the side of the unit. Follow the on-screen instructions to configure your c510.

Step 3: Acquiring Satellites
Go outdoors to an open area, away from tall buildings and trees. Turn on the c510. Acquiring satellite signals may take 30–60 seconds.

The bars in the upper-left corner indicate satellite strength. When the bars are green, your c510 has acquired satellite signals; you can find your destination and go to it.

Step 4: Using the c510
A Touch to find a destination.
B Touch to view the map.
C Touch to view traffic incidents, when an FM traffic receiver is connected.
D Touch to adjust the c510’s settings.
E Touch to adjust the brightness of the screen.
Finding Your Destination

The Where to? menu provides several different categories for you to use when you search for locations.

1. Touch **Where to?**.

2. Select a category.

3. Select a sub-category.

4. Select a destination. Touch the arrows to see more places.

5. Touch **Go!**.

6. Enjoy the route!

TIP: Touch ↑ and ↓ to see more choices.
Following Your Route
As you travel, your c510 guides you to your destination with voice prompts, arrows on the map, and directions at the top of the Map page. If you depart from the original route, your c510 recalculates the route and provides new directions.

Your route is marked with a magenta line. Follow the arrows as you take turns. A checkered flag marks your destination.

Adding a Stop to Your Route
You can add a stop to your route. The c510 gives you directions to the stop and then to your final destination.

1. With a route active, go to the Menu page, and touch 🗺️ Where to?.
2. Search for the extra stop.
3. Touch Go!.
4. Touch Yes to add this stop before your destination.
   Or, touch No to make this your new final destination.

NOTE: You can add only one stop to your route.
GETTING STARTED

Adding a Detour
If a road on your route is closed, you can take a detour.
1. With a route active, touch Menu.
2. Touch Detour.

Stopping the Route
1. With a route active, touch Menu.
2. Touch Stop.

Taking a Better Route
As you approach your destination, the c510 evaluates road options, which may result in a better route. When the c510 finds a better route, a symbol appears in the right corner of the map. Touch the symbol to take the better route.

Adjusting the Volume
Turn the volume knob on the right side of the unit to adjust the volume.

Adjusting the Brightness
On the Menu page, touch the brightness icon. Touch − to lower the brightness and + to raise it. Touch OK when you are done.

Locking Your c510
1. On the Menu page, touch System.
2. Touch the button next to Garmin Lock. Touch OK.
3. Enter a 4-digit PIN. Touch Yes to accept the PIN.
4. Touch OK. Drive to a security location, and touch Set.

Each time you turn on the c510, enter the 4-digit PIN or drive to the security location.

What is a Security Location?
You can select any location, such as your home or office, for your security location. If you are at your security location, you do not need to enter a PIN. If you forget your PIN, drive to your security location to unlock the c510.

NOTE: To unlock your c510 at your security location, the c510 must have acquired satellite signals.
WHERE TO?

The Where to? menu provides several different categories used to search for locations. To learn how to perform a simple search, see page 4.

Finding an Address

1. From the Menu page, touch Where to? > Address.
2. Select a country and state, if necessary.
3. Touch Spell City/Postal Code. Enter the city/postal code, and touch Done.
4. Select the city/postal code in the list.
5. Type the number of the address, and touch Done.
6. If necessary, enter the street name, and touch Done.
7. Select the correct street in the list.
8. Touch the address, if necessary. Touch Go! to create a route to this address.

TIP: Finding an intersection is very similar to finding an address. Touch Intersection, and enter the two street names.

Go! Page Options

Touch an item in the search results list to view the Go! page.

Touch Go! to create a turn-by-turn route to this location.

Touch Show Map to view this location on the map. If the GPS is off, touch Set Loc. to select this as your current location.

Touch Save to save this location as one of your Favorites. See page 10.
**Where To?**

**Go Home**
You can set a home location for the place you return to most often.

1. From the Menu page, touch 🗺️ Where to? > 🔍 Go Home.
2. Select an option.

**Going Home**
Once your home location is set, you can route to it at any time by touching 🗺️ Where to? > 🔍 Go Home.

**Changing Your Home Location**
To change your home location, you must first delete it from Favorites:
1. From the Menu page, touch 🗺️ Where to? > ❤️ Favorites.
2. Touch HOME > Edit > Delete > Yes.

After you delete your home location, reset it by following the steps in the “Go Home” section above.

**Finding Points of Interest**
1. From the Menu page, touch 🗺️ Where to? > 🍔 Food, Hotels….
2. Select a category and a sub-category, if necessary. (Touch the arrows to see more categories.)
3. Select a destination.
4. Touch Go!.

**Finding a Place by Spelling the Name**
If you know the name of the location you are looking for, you can spell it using the on-screen keyboard. You can also enter letters contained in the name to narrow the search.

1. From the Menu page, touch 🗺️ Where to? > 🍔 Food, Hotels….
2. Touch Spell Name.
3. Using the on-screen keyboard, enter letters in the name. Touch Done.
4. Touch the place you are looking for, and touch Go!. 
Using the On-Screen Keyboard

When an on-screen keyboard appears, touch a number or letter to enter it. Use the keyboard to spell words just like computer keyboard.

Touch 123 to enter numbers.

Touch to delete the last character entered; touch and hold to delete the entire entry.

Touch Mode to change the keyboard mode to use diacritical characters or special characters.

Finding Recently Found Places

Your c510 stores the last 50 of your recent finds in the Recently Found list. The most recently viewed places appear at the top of the list. From the Menu page, touch Where to? > Recently Found to view your recently found items.

Deleting Recently Found Places

To remove all places from the Recently Found list, touch Clear. Then touch Yes.

NOTE: When you touch Clear, all items from the list are removed. It does not delete the actual place from your unit.
WHERE TO?

Favorites
You can save places in your Favorites so you can quickly find them and create routes to them. Your home location is also stored in Favorites.

Saving Places You Find
1. After you have found a place you want to save, touch Save.
2. Touch OK. The place is saved in Favorites.

Finding Saved Places
1. From the Menu page, touch Where to?
2. Touch Favorites. Your saved locations are listed.

Saving Your Current Location
From the Map page, touch the vehicle icon. Touch Yes to save your current location.

Editing Saved Places
1. From the Menu page, touch 🗺 Where to? > ❤️ Favorites.
2. Touch the location you want to edit.
3. Touch Edit.
4. Touch a button to edit the location:
   Touch Change Name. Enter a new name, and touch Done.
   Touch Change Map Symbol. Touch a new symbol.
   Touch Change Phone Number. Enter a phone number, and touch Done.
   Touch Delete to remove this item from the Favorites list. Touch Yes.
Finding a Place Using the Map

Use the Browse Map page to view different parts of the map. Touch 🗺️ Where to? > 🖙 Browse Map.

Tips for Browsing the Map

• Touch the map and drag to view different parts of the map.
• Touch 🔍 and 🔼 to zoom in and out.
• Touch any object on the map. An arrow appears pointing at the object you selected.
• Touch Back to return to the previous screen.
• Touch Save to save this location to your Favorites.
• Touch Go to navigate to the selected location.
• If the GPS is off, touch Set Loc. to set your current location to the selected location.

Expanding Your Search

1. From the Menu page, touch 🗺️ Where to? > Near.

2. Select an option:

   - Where I Am Now—searches for places near your current location.
   - A Different City—searches for places near the city you enter.
   - My Current Route—searches for places along the route you are currently navigating.
   - My Destination—searches for places near your current route destination.

3. Touch OK.

   NOTE: Your c510 automatically searches for places near your current location.
**USING THE MAIN PAGES**

**Map Page**
On the Menu page, touch 🗺️ **View map** to open the Map page. The 🚗 vehicle icon shows your current location.

- **To save your current location**, touch the vehicle icon, and touch **Yes**.
- **Touch the text bar** to open the Turn List page.
- **Touch +** to zoom in.
- **Touch Menu** to return to the Menu page.
- **Touch Arrival** or **Speed** to open the Trip Information page.
- **Touch Turn In** to open the Next Turn page.

**Map Page while Navigating a Route**

**Trip Information Page**  **Turn List Page**  **Next Turn Page**
Trip Information Page
The Trip Information page displays your current speed and provides helpful statistics about your trip. To view the Trip Information page, touch Speed or Arrival on the Map page.

Resetting Trip Information
If you want accurate trip information, reset the trip information before beginning a trip. If you make frequent stops, leave the c510 turned on so it can accurately measure elapsed time during the trip.

Touch Reset Trip to reset the information on the Trip Information page. Touch Reset Max to reset the maximum speed.

Turn List Page
When you are navigating a route, the Turn List page displays turn-by-turn instructions for your entire route and the distance between turns. Touch the green text bar on the top of the Map page to open the Turn List page. Touch a turn on the list to view the Next Turn page for that turn. Touch Show Map to view the entire route on the Browse Map.

Next Turn Page
When you are navigating a route, the Next Turn page shows the turn on the map and the distance and time left before you reach the turn. To view an upcoming turn on the map, touch Turn In on the Map page, or touch any turn from the Turn List page.

Touch ⬆️ and ⬇️ to view other turns in the route. When you are finished viewing the Next Turn page, touch Back.
Using FM Traffic

Use the FM TMC (Traffic Message Channel) traffic receiver to receive traffic information broadcast over the FM Radio Data System. When a traffic message is received, your c510 displays the incident on the map and can change your route to avoid the traffic incident. For coverage areas, refer to the Garmin Web site at www.garmin.com/fmtraffic.

**NOTE:** The FM traffic receiver and c510 must be in data range of an FM station transmitting TMC data to receive traffic information.

**NOTE:** Garmin is not responsible for the accuracy of the traffic information. The FM traffic receiver simply receives signals from the traffic service provider and shows that information on your c510.

**NOTE:** You can only access the traffic information if the c510 is connected to an FM traffic receiver.

---

**Viewing Traffic Incidents**

1. On the Menu page, touch 🛴 to display a list of traffic incidents.
2. Select an item to view details.
3. Select an option.

**Traffic Symbols**

<table>
<thead>
<tr>
<th>International</th>
<th>Meaning</th>
<th>North American</th>
</tr>
</thead>
<tbody>
<tr>
<td>🚒</td>
<td>Road Condition</td>
<td>🚒</td>
</tr>
<tr>
<td>🚒</td>
<td>Road Construction</td>
<td>🚒</td>
</tr>
<tr>
<td>🚒</td>
<td>Congestion</td>
<td>🚒</td>
</tr>
<tr>
<td>🚒</td>
<td>Accident</td>
<td>🚒</td>
</tr>
<tr>
<td>🚒</td>
<td>Incident</td>
<td>🚒</td>
</tr>
<tr>
<td>🚒</td>
<td>Information</td>
<td>🚒</td>
</tr>
</tbody>
</table>

**Severity Color Code**

The bars to the left of the traffic symbols indicate the traffic incident’s severity:

- **Green** = Low severity; traffic is flowing normally.
- **Yellow** = Medium severity; traffic is a bit congested.
- **Red** = High severity; traffic is heavily congested or stopped.
Avoiding Traffic
The Map page displays △ when there is a traffic incident on your current route or on the road on which you are traveling.

1. From the Map page, touch △.
2. Select an item to view details.
3. Touch Avoid.

Purchasing an Additional Traffic Subscription

NOTE: You do not need to activate the subscription included with your FM traffic receiver (if it came with one). The subscription activates automatically after your c510 acquires satellite signals while receiving traffic signals from the pay service provider.

Adding a Subscription
1. On the Menu page, touch .
2. Touch △ Traffic.
3. Touch Add.
4. Write down the FM traffic receiver’s unit ID. Go to www.garmin.com/fmtraffic to purchase a subscription and get a code.
5. After you have the 25-character code, touch Next on the c510, and enter the code.
6. Touch Done.

The traffic subscription code cannot be reused. You must obtain a new code each time you renew your service. If you own multiple FM traffic receivers, you must obtain a new code for each receiver.
MANAGING FILES ON YOUR c510

You can store files, such as JPEG image files, in the c510’s internal memory or on an optional SD card.

NOTE: The c510 is not compatible with Windows® 95, Windows 98, or Windows Me operating systems. This is a common limitation of most USB mass storage devices.

Supported File Types

• JPEG and JPG image files for splash screen (see page 21)
• GPI custom POI files from Garmin’s POI Loader (see page 27)
• GPX waypoint files from MapSource (see page 26)
• Maps from MapSource®

Step 1: Insert an SD Card (Optional)
To insert or remove the card, press it in until it clicks.

Step 2: Connect the USB Cable
1. Plug the small end of the USB cable into the mini-USB connector.
2. Connect the larger end of the USB cable to an available USB port on your computer.
Two additional drives appear in your computer’s list of drives. “Garmin” is the available storage in the c510’s internal memory. The other removable disk drive is the SD card.

NOTE: On some operating systems, the c510 drives may not be named automatically. See your operating system’s Help file to learn how to rename the drives.

Step 3: Transfer Files to Your c510
1. Connect the c510 to your computer.
2. Double-click My Computer.
3. Browse your computer for the file you want to copy.
4. Highlight the file, and select File > Edit > Copy.
5. Open the “Garmin” drive or the SD card drive.
6. Select File > Edit > Paste. The file appears in the list of files on the c510 memory or SD card.

Step 4: Eject and Unplug the USB Cable
When you are finished transferring files, double-click the Unplug or Eject icon in your Windows system tray. Select USB Mass Storage Device, and click Stop. Select the c510 drives, and click OK. You can unplug the USB cable from your c510 now.

Deleting Files from Your c510
With the c510 connected to your computer, open My Computer. Open the “Garmin” or SD card drive. Highlight the file that you want to delete, and press the Delete key on your computer’s keyboard.

CAUTION: If you are not sure about a file’s purpose, do NOT delete it. Your c510 memory contains important system files that should NOT be deleted. Be especially cautious of files located in folders entitled “Garmin.”
Customizing the C510

1. From the Menu page, touch Map.
2. Touch the setting you want to change.
3. Touch the button next to the setting name to change it.

Changing the Map Settings

From the Menu page, touch Map.

Map Detail—adjust the amount of detail shown on the map. Showing more detail may cause the map to redraw slower.

Map View—change the perspective of the map.

- **Track Up**—display the map in 2 dimensions (2D) with your direction of travel at the top.
- **North Up**—display the map in 2D with North at the top.
- **3D**—display the map in 3 dimensions (3D) in Track Up.

Vehicle—touch Change to change the icon used to display your position on the map. Touch the icon you want to use, and then touch OK. Download additional vehicle icons at www.garmin.com/vehicles.

Map Info—view the maps loaded on your c510 and their version. Touch a map to enable (check mark) or disable (no check mark) that map.

Restore—restore the original map settings.
Changing the System Settings
From the Menu page, touch > System.

GPS Mode—enable and disable GPS and WAAS/EGNOS. See www.garmin.com/aboutGPS/waas.html for information about WAAS/EGNOS.

Safe Mode—turn on or off Safe Mode. When your vehicle is moving, Safe Mode disables all functions that require significant operator attention and could become a distraction while driving.

Garmin Lock—turn on Garmin Lock™ to lock your c510. Enter a 4-digit PIN, and set a security location. For more information, see page 6.

Proximity Alarms—turn on or off the alerts when you approach Custom POIs. This option is only visible if you have loaded Custom POIs. See page 27 for more information about Custom POIs.

About—display your c510’s software version number, unit ID number, and audio version number. You need this information when you update the system software (see page 25) or purchase additional map data (see page 26).

Restore—restore the system settings.

Localizing Your c510
From the Menu page, touch > Locale.
CUSTOMISING THE C510

To change a setting, touch the button next to the icon. To change all settings, touch Change All. In each screen, touch the setting you want, and then touch Next.

Locale—select your location.

Text Language—change all on-screen text to the selected language. Changing the text language does not change the language of user-entered data or map data, such as street names.

Voice Language—change the language for voice prompts.

Time Format—choose a 12-hour, 24-hour, or UTC time format.

Time Zone—select a time zone or nearby city from the list.

Daylight Saving—set to On, Off, or Auto, if it is available.

Units—Change units of measure to Kilometers or Miles.

Changing the Navigation Settings
From the Menu page, touch > Navigation.

Route Preference—select a preference for calculating your route. Select Faster Time to calculate routes that are faster to drive but can be longer in distance. Select Shorter Distance to calculate routes that are shorter in distance but can take more time to drive.

Vehicle Type—specify your vehicle type to optimize routes.

Avoidances—select the road types you want to avoid on your routes. The c510 uses these road types only if alternative routes take you too far out of your way or if no other roads are available. If you
have an FM traffic receiver, you can also avoid traffic incidents.

**Attention Tone**—turn on or off the attention tone.

**Restore**—restore the original navigation settings.

### Customizing the Display

From the Menu page, touch ➔ **Display**.

#### Color Mode

Select **Daytime** for a light background, **Nighttime** for a dark background, or **Auto** to automatically switch between nighttime and daytime.

#### Splash Screen

Select an image to be shown when you turn on the c510. First, load JPEG images using USB Mass Storage Mode (see pages 16–17).

#### Screen Shot

Enable Screen Shot mode. Touch the 📷 camera icon to take a picture of the current screen. The bitmap file is saved in the *Garmin\scrn* folder on the “Garmin” drive.

### Restoring All Settings

1. From the Menu page, touch ⏎.
2. Touch **Restore**.

### Clearing User Data

**CAUTION:** This deletes all user-entered information.

1. Hold your finger on the lower-right corner of the c510’s screen while turning on the c510.
2. Keep your finger pressed until the pop-up window appears.
3. Touch **Yes** to clear all user data.

All original settings are restored. Any items that you have saved are erased.
Mounting on Your Dashboard
Use the enclosed mounting disk to mount your unit to the dashboard and to comply with certain state regulations.

Important: The permanent mounting adhesive is extremely difficult to remove after it is installed.

To install the mounting disk:
1. Clean and dry the dashboard where you are placing the disk.
2. Remove the backing from the permanent mounting adhesive on the bottom of the disk.
3. Place the disk on the dashboard.
4. Place the suction cup mount on top of the disk. Flip the lever down (toward the disk).

Resetting Your c510
If your unit locks up (freezes up), press and hold the Power button to turn off the unit. Then turn the unit back on. If this does not help, reset your c510.

To reset the c510:
1. Place your thumb nail in the groove located under the Garmin logo on the faceplate.
2. Gently pull off the faceplate.
3. Press the Reset button.
4. Connect the c510 to a power source using the power cable. The c510 should automatically turn back on and operate normally.

NOTE: If you need to reset your unit often, update the system software. See page 25 for information about updating the software.
Caring for Your c510
Your c510 contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration. To minimise the risk of damage to your c510, avoid dropping your unit and operating it in high-shock and high-vibration environments.

Cleaning the Unit
The c510 is constructed of high-quality materials and does not require user maintenance other than cleaning. Clean the unit’s outer casing (not the touch screen) using a cloth dampened with a mild detergent solution, and then wipe dry. Avoid chemical cleaners and solvents that can damage plastic components.

Cleaning the Touch Screen
Clean the touch screen with a soft, clean, lint-free cloth. Use water, isopropyl alcohol, or eyeglass cleaner, if needed. Apply the liquid to the cloth, and then gently wipe the touch screen.

Protecting Your c510
• Carry and store your c510 in the included carry case.
• Do not store the c510 where prolonged exposure to extreme temperatures can occur (such as in the boot of a car), because it can cause permanent damage.
• Do not expose the c510 to water. Contact with water can cause this unit to malfunction.
• Though a PDA stylus can also be used to operate the touch screen, never attempt this while operating a vehicle. Never use a hard or sharp object to operate the touch screen; damage may result.

Avoiding Theft
• To avoid theft, remove the c510 and mount from visible sight when not in use. Remove the mark on the windscreen left by the suction cup.
• Do not keep the c510 in the glove compartment; thieves look there.
• Register your product at www.garmin.com/registration. This may help if your unit is stolen.
• Use the Garmin Lock™ feature. See page 6.

Changing the Fuse
An AGC/3AG 2-Amp, high-breaking capacity, 1500 A-rated fuse is located at the tip of the vehicle adapter. Periodically, you may need to change the fuse. Unscrew the black, round end piece, and replace the fuse.

Using a Remote Antenna
You can use an optional external remote antenna (GA 25MCX). To purchase, go to the Garmin Web site at www.garmin.com/products/sp510, and click the Accessories link.
Remove the weather cap from the antenna connector located on the left of the c510, and connect the antenna.

About Satellite Signals
Your c510 must acquire satellite signals to operate. If you are indoors, near tall buildings or trees, or in a parking garage, the c510 cannot acquire satellites. Go outside to an area free from tall obstructions to use your c510. When the c510 has acquired satellite signals, the signal strength bars on the Menu page are green. When it loses satellite signals, the bars turn red or disappear. For more information about GPS, visit www.garmin.com/aboutGPS.

Charging the c510
To charge the c510, connect the power cable to the c510 and a power source.

Calibrating the Screen
If the touch screen is not responding properly, calibrate the touch screen. Turn the unit off. Press and hold the Power button for about one minute until the Calibration screen appears. Follow the on-screen instructions.
Battery Information
Your unit contains an internal (non-removable) lithium-ion battery. The battery should last up to 8 hours, depending on usage.

The battery icon in the corner of the Menu page indicates the status of the internal battery. If the icon is not present, the c510 is connected to external power.

Contact your local waste disposal department for information on properly disposing of the unit.

Maximizing the Battery Life
• Turn off GPS (System > GPS Mode > GPS Off) when you do not need to receive GPS signals, or use Normal mode when you do not need to use WAAS or EGNOS.

• Turn the backlight brightness down (on the Menu page, touch ).

• Do not leave your c510 in direct sunlight. Avoid prolonged exposure to excessive heat.

Updating the c510 Software
Use WebUpdater to update your c510 software. Go to www.garmin.com/products/webupdater/ to download the WebUpdater program.

After downloading WebUpdater to your computer, connect your c510 to your computer, run WebUpdater, and follow the screen prompts. After confirming that you want to perform an update, WebUpdater automatically downloads the update and installs it on your c510.

If you register your c510, you will receive e-mail notification of software and map updates. To register your c510, go to www.garmin.com/registration/.

You can also download software updates from www.garmin.com/products/sp510. Click Software Updates. Click Download next to the unit software. Read and agree to the terms. Click Download. Select Run (or Open). Your software is updated.
Purchasing and Loading Additional MapSource Maps

To find out the version of the maps that are loaded on your c510, open the Menu page. Touch 📊 > 🗺️ Map > Map Info. To enable additional maps, you need your unit ID (see page 19) and serial number (see page vi).

Check www.garmin.com/unlock/update.jsp to see if an update for your map software is available.

You can also purchase additional MapSource map data from Garmin and load the maps on your c510’s internal memory or on an optional SD card.

To load maps to your c510 memory or SD card, select the name for your “Garmin” drive or SD card drive. Refer to the MapSource Help file for more information about using MapSource and loading maps on your c510.

Loading MapSource Waypoints on Your c510

Using MapSource, you can save locations (also called waypoints) and transfer them to your c510. For more information about creating waypoints in MapSource, see the Help file (press F1 to open the Help file).

After you have created the waypoints, select File > Save. Select GPS eXchange Format (*.gpx) for the Save as Type. Click the Save button.

With your c510 connected to your computer, copy the *.gpx file into the Garmin\gpx folder in the “Garmin” drive. The waypoints you created in MapSource are now in 🗺️ Where to? > ✨ Favorites.
Viewing Your Saved Locations in MapSource

You can also view the locations you have saved in your c510 using MapSource.

In MapSource, select **File > Open.** Select **GPS eXchange Format (*.gpx)** for **Files of Type.** Browse to find the **Garmin\gpx** folder on your “Garmin” drive. Select **Current.gpx**, and click **Open.**

Custom POIs (Points of Interest)

Load custom points of interest (POIs) onto your c510. POI databases are available from various companies on the Internet. Some custom databases contain alert information for points, such as safety cameras and school zones. You will receive a warning if you are traveling too fast near these custom POIs.

Use the Garmin POI Loader to load POIs into your unit. Download the POI Loader from [www.garmin.com/extras](http://www.garmin.com/extras).

Using the POI Loader program, you can store the Custom POIs on your “Garmin” drive or your SD card. You can also customise the proximity alert settings for each POI using the POI Loader. Refer to the POI Loader Help file for more information; press F1 to open the Help file.

To view your Custom POIs, touch 📍 **Where to? > 🎨 Extras > Custom POIs.**

To delete the Custom POIs from your c510, connect your c510 to your computer. Open the **Garmin\poi** folder in the “Garmin” drive or the SD card drive. Delete the file entitled **poi.gpi.**

**CAUTION:** Garmin is not responsible for the consequences of using a custom POI database or the accuracy of the safety camera or other custom POI databases.
## Troubleshooting

<table>
<thead>
<tr>
<th>Problem/Question</th>
<th>Solution/Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>My c510 never gets satellite signals.</td>
<td>Take your c510 outside, away from tall buildings and trees.</td>
</tr>
<tr>
<td>How do I know my c510 is in USB Mass Storage Mode?</td>
<td>When your c510 is in USB Mass Storage Mode, a picture of a c510 connected to a computer is shown. Also, you should see two new removable disk drives listed in <strong>My Computer</strong>.</td>
</tr>
</tbody>
</table>
| My computer never shows that the c510 is connected.   | 1. Unplug the USB cable from your computer.  
2. Turn the c510 off.  
3. Plug the USB cable into your computer and your c510. The c510 automatically turns on and goes into USB Mass Storage Mode. |
| I cannot find any drives named “Garmin” in my list of drives. | If you have network drives mapped on your computer, Windows may have trouble assigning drive letters to your c510 drives. See the operating system’s Help file to learn how to rename and assign (map) your drives. |
| I get a message saying “Unsafe Removal of Device” when I unplug the USB cable. | When you are ready to disconnect your c510 from your computer, double-click the **Unplug or Eject** icon in your system tray. Select **USB Mass Storage Device**, and click **Stop**. Select the c510 drives, and click **OK**. You can disconnect your c510 from your computer now. |
Technical Specifications

Physical size: 4.4” W x 3.2” H x 2.2” D (11.2 x 8.2 x 5.6 cm)

Weight: .59 pounds (269 g)

Display: 2.8” W x 2.1” H (7.2 x 5.4 cm); 320 x 240 pixels; bright, 16-bit LCD, with white backlight and touch screen

Case: Not waterproof

Temperature range: 32°F to 140°F (0°C to 60°C)

Data storage: Internal memory and optional removable SD card. Data stored indefinitely.

Computer interface: USB mass storage, plug-and-play

Charge time: Approximately 4 hours

Power input: 12/24 VDC

Usage: 15 W max. @ 13.8 VDC

Battery life: up to 8 hours depending on usage

CAUTION: The c510 is not waterproof.

GPS Performance Specifications

Receiver: WAAS enabled

Acquisition times*:
Warm: <1 sec
Cold: <38 sec
Factory Reset: <45 sec

*On average for a stationary receiver with a clear view of the sky

Update rate: 1/sec, continuous

GPS accuracy:
Position: <10 meters, typical
Velocity: 0.05 meter/sec RMS

GPS (WAAS) accuracy:
Position: <5 meters, typical
Velocity: 0.05 meter/sec RMS

For a complete list of specifications, see www.garmin.com/products/sp510/spec.html.
FCC Compliance
The unit complies with Part 15 of the FCC interference limits for Class B digital devices FOR HOME OR OFFICE USE. These limits are designed to provide more reasonable protection against harmful interference in a residential installation, and are more stringent than “outdoor” requirements.

Operation of this device is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, you are encouraged to try to correct the interference by one of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and the receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult an experienced radio/TV technician for help.

NOTE: The Garmin c510 has no user-serviceable parts. Repairs should only be made by an authorised Garmin service center.

NOTE: Unauthorized repairs or modifications could result in permanent damage to the equipment, and void your warranty and your authority to operated this device under Part 15 regulations.

NOTE: The c510 is fastened shut with screws. Any attempt to open the case to change or modify the unit in any way voids your warranty and may result in permanent damage to the equipment.

Declaration of Conformity
Hereby, Garmin declares that this StreetPilot c-series product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

To view the full Declaration of Conformity, see the Garmin Web site for your Garmin product: www.garmin.com/products/sp510/. Click Manuals, and then select the Declaration of Conformity.

Limited Warranty

This Garmin product is warranted to be free from defects in materials or workmanship for one year from the date of purchase. Within this period, Garmin will at its sole option repair or replace any components that fail in normal use. Such repairs or replacement will be made at no charge to the customer for parts or labor, provided that the customer shall be responsible for any transportation cost. This warranty does not cover failures due to abuse, misuse, accident, or unauthorized alteration or repairs.

THE WARRANTIES AND REMEDIES CONTAINED HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED OR STATUTORY, INCLUDING ANY LIABILITY ARISING UNDER ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, STATUTORY OR OTHERWISE. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, WHICH MAY VARY FROM STATE TO STATE.

IN NO EVENT SHALL GARMIN BE LIABLE FOR ANY INCIDENTAL, SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, WHETHER RESULTING FROM THE USE, MISUSE, OR INABILITY TO USE THIS PRODUCT OR FROM DEFECTS IN THE PRODUCT. Some states do not allow the exclusion of incidental or consequential damages, so the above limitations may not apply to you.

Garmin retains the exclusive right to repair or replace the unit or software or offer a full refund of the purchase price at its sole discretion. SUCH REMEDY SHALL BE YOUR SOLE AND EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY.

To obtain warranty service, contact your local Garmin authorised dealer or call Garmin Product Support for shipping instructions and an RMA tracking number. The unit should be securely packed with the tracking number clearly written on the outside of the package. The unit should then be sent, freight charges prepaid, to any Garmin warranty service station. A copy of the original sales receipt is required as the proof of purchase for warranty repairs.

Online Auction Purchases: Products sold through online auctions are not eligible for rebates or other special offers from Garmin. Online auction confirmations are not accepted for warranty verification. To obtain warranty service, an original or copy of the sales receipt from the original retailer is required. Garmin will not replace missing components from any package purchased through an online auction.

International Purchases: A separate warranty is provided by international distributors for units purchased outside the United States. This warranty is provided by the local in-country distributor and this distributor provides local service for your unit. Distributor warranties are only valid in the area of intended distribution. Units purchased in the United States or Canada must be returned to the Garmin service center in the United Kingdom, the United States, Canada, or Taiwan for service.
For the latest free software updates (excluding map data) throughout the life of your Garmin products, visit the Garmin Web site at www.garmin.com.
