Getting Started

i2/i3 and mount | USB cable Vehicle adapter cable | Setup DVD-ROM | Unlock sheet

❶ Insert Batteries

Tab

1. Press down on the tab and pull to remove the battery door.
2. Insert two AA batteries.
3. Press down on the battery door as you slide it back into place.

> **Keep batteries installed in your i2/i3 so it can find satellites quickly.**

❷ Set Up the i2/i3

Press and hold the **Power** button ⏻ to turn on the i2/i3. Follow the instructions on the screen to set up the i2/i3. Roll the **Wheel** up and down to highlight options. Press in to select options.

Wheel   **Power**

❸ Install Software and Load Maps

> **Do not connect your i2/i3 to your computer until you are told to do so!**

1. Insert the Setup DVD-ROM into your computer's DVD-ROM drive.

   If the welcome screen does not automatically appear, click **Start** and then **Run** on your personal computer. Type the letter of your DVD-ROM drive followed by setup.exe (example: D:\setup.exe). Then press **Enter**.

2. Follow the instructions on the screen to install software and load maps to your i2/i3.

3. When MapInstall opens, click the map to select the regions you want to load to your i2/i3. Selected maps are shaded pink.

NOTE: Keep your Unlock sheet in a safe place for future reference.

❹ Mount the i2/i3

Windshield   USB port

Lever

1. Place the suction cup mount on your windshield with the lever pulled toward you, as shown above.
2. Press the lever toward the windshield.
3. Plug one end of the vehicle adapter into the USB port on the i2/i3. Plug the other end into a receptacle in your vehicle.

WARNING: For use in vehicles, it is the sole responsibility of the owner/operator of a vehicle with the i2/i3 installed to place and secure the device so it will not interfere with the vehicle operating controls and safety devices, obstruct the driver's view of driving conditions, or cause personal injury in the event of an accident.

NOTICE TO STATE OF CALIFORNIA DRIVERS: California Vehicle Code Section 26708 (a) (1) provides that drivers in California should not use suction mounts on their windshield or side or rear windows. Other Garmin dashboard or friction mounting options should be used. For available accessories, refer to the Garmin Web site at www.garmin.com. Also, refer to the *Owner's Manual* for instructions on using the included mounting disk with the suction cup mount.
Find a Place and Go!

❶

Select **Where To?**

❷

Select **Food, Hotels, and More**.

❸

Select a category.

❹

Select a destination.

❺
